

# BRITISH ROHINGYA COMMUNITY (BRC)

INTERNATIONAL VOICE OF THE ROHINGYA COMMUNITY

Established in 2009

British Rohingya Community UK (BRC) is a non-profit Rohingya based organisation working to aid the underprivileged that were stripped of their human rights in the Rakhine state of Myanmar. We determine to help and advocate for the genocide survivors. We are one of the leading campaigning organisations for Rohingyas in the world.

We, the BRC, are proud to work with RANE. Our work together has proven to be both successful and effective. Our collaborative work includes demonstrations that took part in Newcastle against the Myanmar regime. We have joined hands to distribute aid and food to the Rohingyas. RANE has also participated in many of our workshops and events.

BRC is proud to support RANE in its efforts with the aid distribution at the camp, supporting women and children's and the overall aim of engaging in political campaign to find a solution to help the Rohingya crisis. We look forward to more exciting projects together.
